I can make the 11/11 and/or the 11/12 date (I'm out of town starting next Friday 10/30 through 11/6). Though 11/11 is a federal holiday which is probably why that day is open for most our us (but I'm fine w/ working that day if needed).

11/23 seems too late for an inspection.

Jacalen will perform the field work with you. She can make 10/30, 11/2, 11/4, 11/11 and 11/12. Can you move whatever else you have going to make one of these earlier dates happen? She cannot make 11/9 or 11/10 b/c she is out of town.

Everything else on Jacalen's calendar can be moved for this inspection. Can you make any of these earlier dates happen?

She will facilitate site access.
